

Conversational English: Tuesday, October 3, 2017. Class # 24

Volunteers: Linda* and Charlotte

Students: Young hye, Hyunju, Satoko, rainbow, Jing sun, Guosheng, Xi lin.

The Discussion topic was “Winning the Lottery.”

We used the story, *An Unlucky Winner*, to practice listening and pronunciation skills.

Charlotte:

First we discussed week's concerns. One of the gals had been called to her daughter's school, as the daughter was having an allergy attack. Discussed the cost of treatment and that all had occurred. We then broke into two groups, Linda stayed in main room, I took Satoko, Jing sun, Rainbow & Guosheng, to the library.

We talked about winning the lottery...and what we would do with the money. Most seemed to want to travel, which brought us to a discussion of visa's, green cards, etc. We also discussed the shooting in Las Vegas, and found out that Japan, Korea and China do not have the prevalence of guns.

Linda:

In my section we talked about getting a huge amount of money and they all decided they wanted to donate some of the money.

In addition to the lottery story we worked on money idioms.

Following coffee break Charlotte's group rejoined the others and read the lottery story, "An unlucky winner".
