

Joyce* Cliff Libby

Students: Young hye, Hyun ju, Jing Sun and Guosheng.

We used the November issue of the Easy English News for most of the class. The students read the article on "Buying Groceries" aloud, taking turns. They looked at the picture and identified the various fruits and vegetables.

They were asked where they bought their groceries and what fruits and vegetables that their families preferred.

They played Taboo with words related to foods.

They read the article on Jamestown, VA aloud and we discussed various aspects of the history of this area.

They also read an article on St. Augustine, FL aloud.
