

Class Notes: Wednesday, May 16, 2018

Present: Linda and Liz

Jing, Marie, Rainbow and Diana

Diana is a first time student from Colombia who works as an au pair for a family in Sewickley Hills.

Everyone introduced themselves and welcomed Diana to the class.

We alternately read the article in the section entitled **Ask Elizabeth** about driving and following stop signs and traffic lights.

Vocabulary Emphasis: obey, habit, fine, points, exchange student, Settler's Walk

This article generated a discussion of the comparison of traffic regulations and driving customs in each student's native country.

Jing, Rainbow and Marie shared stories of their early driving experiences in the United States.

We discussed the complexities of auto insurance.

Linda presented information and direction on the correct driver response in a variety of situations: on-coming ambulance, an accident, car broken down by the side of the road, car pulled over by police officer, entering a construction area, and the importance of decreasing speed when workers are on the road.

All students are invited to attend the origami session on Wednesday, May23, 2018.

Diana, Jing, Marie and Rainbow responded favorably and plan to attend.
